

1 Initial stage/feasibility

Initial meeting/site visit to establish brief. Normally no more than one hour.
Survey & site analysis carried out.
Soil samples taken for pH testing.
Outline brief formed and sent to client.
Visit to discuss development of the brief.
Written brief signed off by client.

2 Development of the Garden Layout

Presentation of mood boards.
Development of the concept.
Development of scale layout plan.
Changes/alterations discussed and made.
Final plan approved.

3 Development of Design Details

Changes/alterations discussed and made.
Planting content and design finalised.
Plant schedule and costing prepared.
Construction details finalised and appropriate drawings prepared.
Contractor appointed.
Plants ordered.

4 Construction

Construction begins.
Project monitoring, site visits agreed and undertaken.
Planting commences on completion of build.

5 Garden handover

Plant care and maintenance advice given.
Maintenance schedule discussed as required.
One revisit during the next 12 months to discuss the ongoing development of the garden.

The cost of the above services varies according to the size, design and complexity of the garden. However there are some fixed fees which apply.

The fee for the initial meeting is £30 which will be deducted from any additional fees should a commission follow.

As a general rule the fee for stages 1-5 will be 12% of the overall build cost of the garden.

However if you are working to a fixed budget I am happy to discuss this with you.

Notes

The initial meeting fee is billed within 7 days of the meeting taking place.
Other fees are agreed on a stage-by-stage basis and billed within 7 days of stage completion.

Sourcing of original garden ornament and other items

As part of the design process I am also able to source and supply architectural and other antiques to complement the overall design. From statuary to antique pots, garden tools or bespoke furniture.

I can locate the items and supply images for you to view prior to purchase. If there is just one particular specimen plant you require I can also source this for you.

A hourly rate of £30 applies for all services unless otherwise stated.
